LEGISLATURE AGAIN IN SESSION

3800 Measures to Be Considered During Last Half May Consume 80 Days

ASSEMBLY'S FIRST TASK WAS REORGANIZATION

Officers Discharged During Vacation to Save Cash for the State

SACRAMENTO, March 10.—The second lap of the fortieth session of the state legislature opened this morning at 12 o'clock. The legislature takes up its work almost precisely where it left off February 4, and with 3800 measures to pass upon, it is predicted that the session will run from sixty to eighty days. Although in the past, with a straight session, the delay has been in the introduction of bills late in the session—and the present method obviates this difficulty—there seems to be no hope that it will be possible to take action on the bills now pending, to say nothing of those which may yet be introduced, under less than two months.

The reorganization of the assembly was first taken up, the officers having been discharged during the interim to save per diem expense. Whether Young must be re-elected or not was the primary consideration.

It is expected two hundred more bills will be introduced in this last half of the session. The 3800 documents already to be considered consist of 3700 bills and several proposed constitutional amendments.

The first scrap of the latter half of the session was scheduled for 2 o'clock when the matter of again referring to the assembly judiciary committee Benedict's discriminatory practices or anti-trust measure, was to come up as a special order of business. Benedict, chairman of the judiciary committee, had the bill favorably reported as ready for passage during the first half of the session. Claiming that those opposed to the measure had not been back of the hearing before the committee, Schmidt of San Francisco moved to refer the measure back to the committee. The settlement of this point is expected to provide a strenuous parliamentary battle and debate today.

A clash is certain over the length of the present session. Following a conference of the Senate and Assembly leaders, Governor Johnson declared that he favors ending the session in six weeks. Senator Wright of San Diego, a leading anti-administration man, declared that the "Governor is not running the legislature." He says it is impossible to conclude then, and threatened to fight the issue.

Almost immediately upon reconvention, both houses adjourned until 2 o'clock this afternoon. Before a recess was taken, Beban of San Francisco introduced in the Senate a resolution for the appointment of a special committee of five senators to investigate all phases of the social evil in California, particularly the relation of the low wages of women to prostitution. The matter was referred to the rules committee. Strobridge of Alameda, introduced a resolution setting midnight of April 27 for adjournment. This was also referred to the rules committee.

The Beban resolution read:

"Whereas, There is pending before the Senate bills for the abatement of houses of ill fame, the so-called social evil of white slave traffic, and bills relating to minimum wages for women; and

"Whereas, In other sections of the country it has been developed that there is a close relationship between the two measures, in that inadequate wages is a potent factor in many women seeking a life of shame; be it

"Resolved, That a committee of five senators be appointed to investigate all phases of the white slave traffic and its relation to women's wages, and that said committee be empowered to take testimony and summon witnesses, its expenses to be paid from the contingent fund of the state."

Beban said he expects no opposition to the resolution.

WOMAN THROWS POWDER IN FIRE AND INSTANTLY IS ENSHROUDED IN FLAMES

ORANGE, March 10.—The careless tossing of a bottle partly filled with powder into a fire in her kitchen stove, almost resulted in Mrs. P. G. Eppley being burned to death at her home here Sunday morning. Had it not been for the quickness of mind of her husband, there is little doubt that the woman would have lost her life.

The Eppleys had planned an outing for the day, and the wife had about finished cleaning up around the kitchen, when she espied the old bottle, and forgetting for the moment its contents, tossed it along with some other rubbish into the fire. Instantly there was a flash of flames which struck her about the fact and right side, burning her face, chest and right arm, and singeing her head and eyebrows.

Her husband heard her screams and rushed from an adjoining room, grabbing up a large rug as he did so, and promptly wrapped it about the blazing woman. The flames were quickly extinguished, but not before Mrs. Eppley had been severely injured. She was given prompt medical attention and it is probable that she will not be disfigured for life, although this is not certain yet.

Federal Garrison Marched Out Under Flag of Truce; Losses Heavy

FEDERALS SURRENDER EL TIGRE WITHOUT SHOT

1000 Rebels Reported Advancing on Nogales—People in Panic Flee

DOUGLAS, March 10.—After a desperate twelve-hour battle, the Nacionistas, under Gen. Bracalonte, occupy Nacozari today, the Federal garrison marching out under a flag of truce. One hundred and twenty-one of the garrison, including ten wounded, arrived at Agua Prieta, opposite Douglas, today. The original Garrison numbered 171. The remainder of the missing are believed to be dead, wounded or to have deserted. Few details of the fighting are available on account of the refusal of Gen. Ojeda, commanding the Agua Prieta garrison, to give information. The stragglers accompanying the Federals say that both sides lost heavily. The Federals evacuated El Tigre garrison last night without firing a shot. The townsmen, harried the troops during their retreat, killing four and wounding eleven, according to dispatches here. The entire border is in a ferment, the rebels mobilizing at various points.

Eight hundred rebels reported as camped eighteen miles east of Agua Prieta are planning an attack tomorrow. Unless they attack before then it is believed here that General Ojeda with the Agua Prieta Garrison will abandon the post and retreat to Nogales to join the threatened Garrison there.

Wires from Douglas to Nacozari continue prostrated and accurate information as to the situation there following the recent battle is impossible to obtain.

FACILITATE THE MARKETING OF BEETS

Branch Line of Santa Fe Being Built Up the San Luis Rey Valley

FACTORIES HERE TO GET THE OUTPUT

Improvements on Foot for the Betterment of the Rich Little Valley

The construction of the Santa Fe branch up the San Luis Rey Valley has actually commenced. It will be completed before the marketing of sugar beets, grown for the two Santa Ana factories, begins next August. Last year several hundred acres were grown in the valley for the Southern California Sugar Co. This year the Santa Ana Co-Operative Sugar Co. has a large acreage there also. The total acreage runs up to about 2,000 acres.

The branch line leaves the main line at the mouth of the San Luis Rey river, a mile above Oceanside and extending up the San Luis Rey valley a short distance above the San Luis Rey mission, about five miles. Commencement of operations has been delayed on account of right of way problems, which are now happily settled.

The purpose of the extension is to accommodate the sugar beet growers who this season will have 2000 acres in beets. The route follows the south bank of the river and along the county highway leading from Oceanside to Bonsall and Fallbrook. Ultimately it is predicted that the line will be extended to Bonsall, Pala, Warner ranch and the Imperial valley by way of San Felipe pass, which is said to be the most logical route in the country to the desert.

C. A. Canfield, the millionaire of Los Angeles, is the owner of 1000 acres of bottom land just above Bonsall, not far from the proposed terminus of the Santa Fe branch line. Mr. Canfield has a big crew at work installing an irrigation system on his lands, which will be devoted to the growing of sugar beets and alfalfa. Other large acreages of this locality will be devoted to same purpose.

PARLIAMENT IS OPENED TODAY BY KING

Fear of Suffragette Attack Was Dominant Note of the Entire Proceedings

LONDON, March 10.—Not since the Guy Fawkes gunpowder plot of three centuries ago have the parliament buildings been subjected to so thorough a search as today when the picturesque yeomen of the guard, attired in Tudor uniform, combed the building prior to the new session of parliament. They searched the cellars to the tower for possible suffragettes in hiding, or for suffragette bombs. Hundreds of plain clothes operatives aided the official guards. Many prominent suffragettes are under surveillance, fearing a violent demonstration in the assembling of the British legislators.

Large squads of police reserves were held throughout the city. The royal party, under a heavy guard, drove to the parliament in a lumbering gilt vehicle drawn by eight Hanoverian ponies and received the customary salutes at the house of lords. The galleries were packed with richly robed and coroneted peers who rose as the royal party entered amid a flourish of trumpets.

King George handed Queen Mary to her seat, then sat beside her. Lord Chancellor Haldane sent for the house of commons. The king then received Speaker Lowther and Premier Asquith, after which he read his speech from the throne. The procession was then reformed and English monarchs returned to the palace. The remainder of the week will be occupied in a debate on the address, relating to the king's speech.

Copies of the circular are being sent to all teachers and many patrons of high schools throughout the state, and when signed by the teachers will be forwarded to the legislature. Prof. Avery, principal of the San Jose schools, is heading the protest

movement in the northern part of the state. The principal argument against the bill is that it will prevent the high school from administering to the special needs of the community.

For example is cited the seven high schools of Los Angeles, representing as many educational ideas, "which design to serve the life and purpose of its pupils, and the cosmopolitan interests of the whole community."

The circular quotes Dr. Louis B. Avery, principal of the San Jose high school, as saying one book throughout the state would mean nothing less than a back step for the pupils

of the state at a time when public demand is for more initiative and a larger freedom from uniformity.

These oranges will be presented to the Chief Magistrate of the nation and the members of his official family, with the assurance that they are the best oranges grown anywhere in the world, and that they are the pride of California, and the product of Vina Park and vicinity, in Orange county.

The fruit is being selected so that there will be no flaw or freak that will in any wise detract from either quality or appearance.

In other words the fruit is to be of the exceptionally high standard that is claimed for it—the best oranges in the world.

There may be others just as good, but there is none better.

And it is believed that these oranges will be especially appreciated by the new administration as the Democrats for the last sixteen years had been getting "lemons."

U.S. MAY PROBE WAGES OF WOMEN

Matlock Was Wasted Away When Death Overtook Him—Forehead and Eyes Much Like Jones'

There is no question about it now. The man whose advent into the life of this county brought about the county's most terrible tragedy was named Ira Jones. He was not Joe Matlock, son of ex-Mayor J. D. Matlock of Eugene, Ore. Joe Matlock died in the Los Angeles County Hospital on the night of March 6 of pulmonary tuberculosis.

Matlock's relatives at Eugene stoutly maintained that the dead man was not Joe. They declared Joe had tattoo marks on his arms, a description mark not mentioned in the circular sent out by the Oregon sheriff.

Joe Matlock's father and brother arrived, viewed the remains and declared positively that they were not Joe's. They said that Joe had tattoo marks on both forearms, on one arm being clasped hands and a wreath with a girl's name, Effie Gibson.

There was still doubt here. Then Dr. Barber of Porterville wired that the man operated on by him (Matlock) had tattoo marks. After that came letters from Oregon indicating that the dead man was in reality Ira Jones, a longer whose mind had become unstable.

With evidence piled up, there were believers on both sides.

When all of this controversy was over in Santa Ana, the real Joe Matlock was in hiding, probably in Los Angeles.

Dissipation and the ravages of tuberculosis were bringing him close to the end. Wanted for his offenses, he dared not come out into the open and deny that he was the man at Santa Ana. In January, when he realized that it was only a short time until he would be beyond the reach of oars and the law, he went to the Los Angeles County Hospital, a week.

E. E. McClanahan of Los Angeles knew that Matlock was on his deathbed. Ten days ago he saw Sheriff Ruddock in Los Angeles and told him that Joe Matlock was at the hospital.

Matlock died Thursday night. His father arrived in Los Angeles Saturday morning. He telephoned to Santa Ana and asked that someone go to Los Angeles to see the remains that there might no longer be any question but what his boy was not guilty of the crimes here.

Matlock's remains were seen in Los Angeles, where they were in charge of Pierce Bros., by City Marshal Jernigan and a representative of the Register. In the face of the dead man they saw a most remarkable resemblance to the desperado.

The principal difference between the two was in flesh. Except his face Jones was well muscled. The body of the man who was seen in Los Angeles Saturday was probably forty pounds in weight under what was Jones' weight. Matlock died after a life of dissipation and after the ravages of tuberculosis had taken him from much of his flesh.

On the bared left forearm, mere

Water Proposal

Contracts for the \$57,000 administration building that is to be one of the group of the new polytechnic high school edifices, and for the elaborate plumbing system that has been adopted, were signed today at the office of City Attorney Heathman, so that now there remains no obstacle whatever to the commencement of construction operations.

The finishing touches on the legal papers covering the contracts were given by the city attorney, who also acts as the legal adviser of the board of education, the first thing this morning, so that when contractor George C. Condon, of Los Angeles, arrived to sign up, everything was in readiness. Messrs. S. Hill & Son, of Santa Ana, who had secured the plumbing contract for \$12,213, also found the papers in their case awaiting their signatures. The understanding is that work will be begun at once.

Further consideration of polytechnic contracts will be given by the school trustees at a meeting that has been called for tomorrow night. Special interest is being centered in the heating and ventilating plans, it having been decided to substitute water

CANUCKS DELIGHTED WITH ORANGES SENT THEM FROM THIS CITY

Back in dear old Winnipeg, where the gentle winter zephyrs have all the accompaniments that Old King Cole can corral to take with him on his tears and benders, they are today enjoying luscious navel and Valencia oranges shipped to them direct from the frostless belt of Santa Ana. "The finest oranges in the world," is the verdict of the Canucks. A formal letter of appreciation was received today from the news editor of the Manitoba Free Press, published at Winnipeg. The letter is addressed to Secretary Metzgar of the Chamber of Commerce, and the writer who signs his name W. F. Payne says:

"Will you kindly accept the thanks of the Free Press for the box of magnificent oranges received by the Free Press, and forwarded from your city at the request of G. L. Dodds of our city."

Their Fraternal Brethren at
Pomona on Saturday

Santa Ana Knights Templar have been formally invited to join in a grand gathering of their fraternal brethren at Pomona on Saturday, March 15, for the first annual field day, an event which this organization hopes to repeat every year, and which is being planned for elaborately. It is expected that there will be a large attendance from this city.

AMUSEMENTS

Mr. Savage promises a complete, new and magnificent production of this season's version of the work. He has always kept faith with his public, it therefore goes without saying that he will not permit this standard of all light opera standards to diminish in its glorious perfections.

The names in the cast are familiar.

Oscar Figman in 'The Merry Widow'

It is practically the same company that was seen here last, and they were many of the originals. Mabel Wilber will sing the fascinating role of Sonia, the merriest of all widows. Charles Meakins, a Hamiltonian, by the way, will be the Prince Danilo. Oscar Figman is Baron Popoff, and the others of the splendid cast have among them Arthur Wooley, F. J. McCarthy, Olga Roiler, Vernon Dohart, Walter C. Wilson, Lon Clark.

J. D. Miller, Cynthia Perot, Peggy Thompson, Minnie Oiten, Kent Elliott, Viola Napp, Anna Gertin, Shirley Love, Ordina Bremmer, Margaret Lathem, Betty Stone, Lola Rudd and Louise Cook.

Then again Mr. Savage offers the "Merry Widow" orchestra. This organization is composed of the best soloists of the Savage grand opera orchestra, is a complete organization in itself, and plays the entire score without the aid of a written note. Mr. Alfred Moulton is the conductor.

The ladies of the audience will find abundant satisfaction in the new hats and gowns which Mr. Savage has imported from Parisian shops for this new "Merry Widow." There will be worthy successors to the famous hats. Through his agents and his many trips abroad during the year Mr. Savage is enabled to keep in close touch with the newest creations of the ever varying Parisian taste.

Grand Opera House, Tuesday, March 25.

Bruce Gordon Kingsley has created in his "Music Tragelogues" one of the most delightful forms of entertainment; next to actually visiting foreign countries ourselves. One of Mr. Kingsley's trips possesses all the charm of travel without any of the petty annoyances that one is liable to encounter, to say nothing of expense. Mr. Kingsley will be seen at the Grand Opera House March 25.

The "Little White Dove" is finding California full of pot-shooters who miss no opportunity to take a shot at it. Since being sent out from its happy home in Zion City via publishing offices in Chicago, "The Little White Dove" has been finding this a cruel, cruel world.

For the enlightenment of the uninitiated it may be explained that "The Little White Dove" is the name of an official printed announcement issued by the Dowdies, in which it is proclaimed that the end of the world is coming along at a Dan Patch pace, and that the wise will get in under the wings of the Zion City dove. Copies of the publication have been sent to all county recorders throughout the nation, with the request that it be officially recorded so that in the days to come, the Dowdies can exclaim with index finger pointed: "We told you so!" This, of course, provided things pull off according to program as outlined.

Secretary of State Jordan has been appealed to by Editor Henry L. Burnett of the Zion City congregation, for explanation as to why some county recorders have failed to do as requested concerning "The Dove." The secretary is of the opinion that the necessary fee hasn't always accompanied the recording request.

So far as Orange county is concerned, Mr. Jordan is correct. Recorder Peters was favored with a copy of the publication and request to record the same, but inasmuch as the papers were not properly approved before a notary public and there was a noticeable absence of coin of the realm, Mr. Peters wasted a postage stamp to notify Editor Burnett the whys and wherefores for the non-recording of "The Little White Dove."

Why not a pair of glasses? See Dr. Loecher, 116 East Fourth Street.

and 13, and great interest is being manifested in this appearance, as the reputation of these travelogues and operas is well and more than favorably known. The different programs are being discussed by our social organizations.

Bruce Gordon Kingsley is the originator of the "Illustrated Grand Opera." The magnificent colored views shown are simply superb. Painted as they are by famous artists and reproduced to twenty feet square, they create the greatest enthusiasm in each city visited, as they are faithful reproductions of the performances given by the world's leading artists.

The operator, J. Penrose Wallace, is considered the greatest autograph expert in this country.

Anna Harper Mottram, the distinguished dramatic soprano, will appear at each performance in characteristic costume. Mrs. Mottram's superb voice is heard to great advantage in the principal soprano roles of the grand operas, and in the travelogues in songs of the various countries.

AVIATOR MARTIN TAKES IRVINE SKYWARD

Well Known Ranch Magnate Is Given Thrilling Aerial Trip by Birdman

DR. BARNES ALSO ON HIS INITIAL VOYAGE

Practically Perfect Sailing at All Stages of Flights From Newport Beach

Up in the air something like 700 feet was the experience enjoyed for the first time yesterday by James Irvine, the well known owner of the famous San Joaquin ranch, when he accompanied Aviator Glenn L. Martin on an aerial voyage. Mr. Irvine made the trip to satisfy a long cherished desire to sail through the air which he has felt ever since he saw Martin in his workshop constructing his first aeroplane. The trip yesterday was made with Martin in his hydro-aeroplane from Newport Beach.

Several years ago Mr. Irvine became interested in Martin's work and it was on the Irvine ranch that the latter made his first flights. Since that time he has been awaiting an opportunity to take a ride with the noted aviator. The start was made at 2:30 o'clock, and the hydro-aeroplane rose gracefully from the water of the bay and started seaward. Two miles out Martin turned in his course and skirted the bluffs at the entrance of the harbor, and alighted gracefully upon the bay. The trip was made in twenty minutes, the maximum elevation of 700 feet was attained, and approximately sixteen miles were covered.

Irving Enthusiastic

"It is the first time I ever saw so much of my property at one time," declared the rancher enthusiastically.

PAPE'S DIAPEPSIN ENDS INDIGESTION

Time It! No Sour, Gassy Stomach or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

SANTA ANA WINS FROM ALL THE SCHOOLS

Annual Track and Field Meet Most Successful Ever Held in County

BEEBE OF ANAHEIM MAKES NEW RECORD

Sensational Work by Several Participants With the Locals First

OFFICIAL SCORES

Santa Ana	45 points
Orange	33 points
Anaheim	27 points
Fullerton	11 points
Huntington Beach	6 points

(By Vern Smith)

Santa Ana, 45 points; Orange, 33;

Anaheim, 27; Fullerton, 11; Huntington Beach, 6. These were the final

standings of the five best track and field teams of Orange county at the

end of the eighth annual Orange County Interscholastic track and field meet held Saturday at Lincoln Park. Never

before was there held such an interesting, exciting and record smashing

meet as was held Saturday. Each

of the five teams entered stars and as

as a result four previous Orange county

records were broken. Anderson of

Santa Ana broke the Orange county

high jump record, which was 5 ft.

8 1/2 in., by leaping 5 ft. 10 in. Nichols

of Pomona is probably the best prep-

school jumper and his record is six

feet flat. With a little more practice

Anderson will be able to grab a first

place in the all-southern meet to be

held March 29.

Fast Going

Watson of Orange broke the Orange county record for the 220 hurdles with the time of 27.1. West of Santa Ana was a close second and gave Watson a terrible run for first place. Elliott of Anaheim broke all previous Orange county records for the discus throw

by heaving the pie shaped article out 104 ft. 5 in. 98 feet being the old record.

Beebe, that phenomenal distance runner broke all Southern California records, including interscholastic and intercollegiate records for the half mile run by the marvelous time of 1:59 4-5. This time is only 5 4-5

seconds slower than the world's record

for this event. The chances are that

Beebe will get a free ticket to the Olympic games to be held at Berlin in the spring of 1915. Here's to Beebe for a comer.

Probably the feature race of the day

was the 880 yard race between Beebe of Anaheim and Adkinson of Santa Ana. Both men are old time rivals and were after each other's scalps.

From the start Beebe took the lead and held it through the race. Several times Adkinson came within a few feet of passing him but Beebe managed to keep ahead and touch the tape first.

Big Surprise

The big surprise of the afternoon was in Robinson of Santa Ana. After being set back a yard in the 100 yard dash he managed to get to the tape first when King, Lane and Watson were in the running. Robinson certainly is there in trotting of the century and he deserves much credit after being cheated out of a second place in the 50 yard dash, to grab a first in the 100 yard dash.

Stars

West of Santa Ana and Murray of Orange tied for first place for individual point winning honors. A cup is being awarded for point winning honors. Murray and West decided to toss up for it. Murray was the lucky man, so besides winning several medals he is possessor of a beautiful silver loving cup donated by Carl Strock, the jeweler.

The medals were awarded by County Superintendent Mitchell to the various winners of the different events and many an athlete wore a big broad smile as he walked up to get his medal which he probably had been dreaming of before the meet. Gold, silver and bronze medals were awarded to first, second and third places respectively.

Coach Ratcliffe was probably the most happy man on the field when he saw the meet was won for Santa Ana before the relay race. On being asked what he had to say about the team he replied: "Just tell them that this meet was great stuff and the fellows suit me. The fighting spirit of the team was simply great."

Final Results

The summary: 120-yard hurdles—Murray (Orange), first; West (Santa Ana), second; Martin (Anaheim), third. Time: 16 4-5.

THE TITLE OF "MISS"

Certain Chicago Suffragists protest against the title "Miss," which they say carries some slight or slur, and some unmarried women are having "Mrs." placed on their cards.

"Mrs." is an abbreviation of the word "Mistress." This is the feminine of "Master" and signifies the feminine ruler of a household or other establishment. The word has a sinister significance in common speech that raises the query why the title should seem so attractive.

"Miss" is perhaps resented on the ground that it suggests mere girlhood, as one reads in the dry goods advertisement of "misses" clothing.

The latter title may carry a hint of youth and its coquetry that seems out of keeping with serious-minded women of defined age. At the same time the present custom in titles would seem to give unmarried women at least an equality of privilege as compared with their yoked sisters.

The unmarried woman bears the name which is the very bone of her bone and flesh of her flesh. Through it runs the blood of her ancestors. It links her to her own race as born of a certain clan, entitled to its honors, protection, standing and position. She may be a "Miss," but she has saved the tribal name of the forbears that made her what she is.

When she marries she gives up her own family name for that of her husband's family, which did not bring her into life, and feels but slight responsibility for this captive from another people. All the associations of her past, sentimental, dignified, or aristocratic, are blotted out of public view as the price paid for being a "Mrs."

To youth, the word "Miss" conveys subtle allurements of the eternal feminine. Let not the Chicago Suffragists thus cast away the romance of life too hastily.

MR. HOFFMASTER'S REJOINDER

Mr. J. N. Bill:

Your open letter in the Register is noted. With the editor's permission I would make a brief reply.

Our school children are taught that in the United States everyone has equal rights before the law. "Government without the consent of the governed" is tyranny. Speaking as a citizen and a small taxpayer I should like to see every man and woman who can read and write intelligently have the right of franchise at general elections. In purely local affairs a residence restriction would be right and justifiable.

Human rights are paramount to property rights. So long as property is given the preference, as at present, we shall have tax boosters such as you mention. When taxes are boosted until the burden is too great to be borne we shall seek the cause of most of the crime, vagrancy and prostitution.

THE BUSINESS OF LIFE— THE COMMON PROBLEM

The common problem, yours, mine and every one's is—not to fancy what were fair in life. Provided it could be—but finding first what may be; then find how to make it fair. Up to our means; a very different thing.

My business is not to remake myself. But make the absolute best of what God made. To mould life as we choose it, SHOWS OUR CHOICE. That's our one act, the previous work's His own.

KING'S DAUGHTERS

Organization Gives Practical Evidence of Intention to Do Good

The members of this worthy organization of the Church of the Messiah held one of its very interesting and profitable meetings on last Saturday afternoon at the home of Mrs. Pomeroy at 808 South Broadway.

The King's Daughters are organized to do good and in pursuance of this praiseworthy purpose it was decided to help a young Mexican girl who was reported to be in poor circumstances by outfitting her with neat and clean clothing.

It is desired by the members of the King's Daughters that others interested in the work of this society should join. All wishing to do so are cordially invited to the Saturday afternoon meetings held at the home of Mrs. Pomeroy, 808 South Broadway.

Y. M. C. A. In Social Work

Last Friday evening the first of a series of pleasant Friday evening programs at the Detention Home was given by the Young People's Christian Endeavor Society of the Baptist Church of Santa Ana. The program was in charge of Robert J. Hamilton, Y. M. C. A. secretary, and Miss Ada Borden and consisted of an interesting exhibition of magic by Raymond Beebe and Will Peterman which everyone enjoyed; a violin solo by Paul Severance; some humorous readings by Miss Alberta Black; some stories and recitations by Mr. Hamilton, after which playing of parlor games occupied the time until refreshments were served.

These pleasant Friday evenings have been planned by a committee consisting of R. J. Hamilton, J. C. Head, Art Anderson, Robt. McGee, Miss Ruth Clothier, and M. J. Morris. This committee assigned to each Friday some group of young people with the expectation that they would furnish an evening program on the as-signed date.

Best Known Cough Remedy

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't it proof enough of your money's worth or we will refund your money. J. W. Evans of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles it has no equal. 50¢ and \$1.00 at all druggists.

BIKES IN GREAT DEMAND ALL OVER TOWN

Average of One Each Day Is Reported Missing to the Police Department

MANY RECOVERED BUT NOT REPORTED

Actual Thefts Are Few But Considerable Annoyance Comes to Owners

An average of one bicycle a day is reported to the city police as stolen. Not counting Sundays this has been the average since the first day of this year. There was a greater activity in the line of bicycle thefts during the first month of the year, for 36 wheels were reported as having been stolen. In February the total was 17; while up to date for March there have been nine wheels reported to Marshal Jernigan's sleuths, or an exact average of one a day for the month.

For the 69 days that have vanished from the calendar since January 1, there has been just 62 bikes reported stolen. While this number appears at first glance to be large, the record is decidedly modified when it is found that a considerable number of the missing bikes are picked up later by their owners, who had either forgotten where they had left the bikes, or some friend had "borrowed the loan" of them for a few hours.

The records at police headquarters show that many of the wheels are promptly recovered, and that as a matter of fact, there are comparatively few actual thefts of such things. There appears to be a sort of fraternal brotherhood among riders, so that many young men have no hesitancy whatever in seizing a friend's bike and chasing off to see a friend, or follow the fire engine, or

THE MEETING CALLED OFF

Committee Drops Investigation of County Salaries Question

Legislators Interviewed Officials and Gathered Information

The special meeting of the Associated Chambers of Commerce, at which it was proposed to discuss the county salaries question, has been called off.

At the meeting of the Associated Chambers of Commerce held at Anaheim adjournment was taken to next Wednesday, a committee being appointed to make an investigation at the courthouse and report to the Associated Chambers. On that committee were F. H. Case, Santa Ana; Gus Stern, Fullerton; C. H. Howard, Huntington Beach; William Hagen, Orange, and Charles Eyabroad, Anaheim.

F. H. Case, chairman of the committee, has been unable to get the entire committee together upon the matter, and for that and other reasons it has been deemed advisable to drop the matter.

Before leaving for Sacramento, State Senator Anderson and Assembyman Weisel made an investigation on their own hook, and are said to be in a much better position to judge what amendments should be made to the salaries bill than they were before they returned home for the interim. That the legislators had gained as much information as the committee could have given them may have been one reason for dispensing with further action on the part of the Associated Chambers of Commerce.

J. C. Metzgar, secretary of the Associated Chambers of Commerce, stated today that the Wednesday night meeting would not be held. Other matters that were scheduled to come before that meeting will be taken up later.

Little God Busy Outwitting the Possibilities that May Follow New Law

Love comes like a summer's sigh, gently o'er them stealing; love comes on and they wonder why, ne'er knowing their senses are reeling, and the next thing they know County Clerk Williams is being asked for official license to enter prison of matrimony. To make things even more binding, if such a thing is possible under such circumstances, a justice of the peace is summoned.

There were only half a dozen marriage licenses issued up to 1:30 o'clock today, and four of these were were taken out after 1 p.m.

"Why this rush for marriage licenses on what should be a blue Monday, remembering that this is the Lenten season," was asked Justice of the Peace Cox in a "I-should-worry" tone of voice.

"I don't know unless it is a growing fear of the provisions of Senator Anderson's bill now before the state legislature, which if adopted, will require all candidates for matrimony to pass both physical and mental examinations."

Some people who have studied both matrimony and the divorce court profess the belief that such a law, especially the provision requiring indisputable proof of mental soundness, may be the means of saving a good many persons from becoming married.

These four couples were united in the holy bonds of matrimony by Justice Cox this afternoon:

James H. Shelton, 29, and Anna Field, 24, both of Los Angeles.

Esther E. Bailey, 30, San Bernardino, an Dora Rollins, 21, Orange, Guy H. Benton, 21, Whittier, and Amy L. Taylor, 16, Riviera.

J. H. Stewart, 29, and G. M. Wiser, 29, both of Los Angeles.

Usually in such cases some of the lady clerks in the courthouse are called in as witnesses to the ceremony, and as they are not permitted (or required) to kiss either the bride or the groom, they usually are presented with a box of candy for their attendance by the officiating minister or justice of the peace.

WAGON RATHER THAN AN AUTO

Myford Rancher Had Difficult Joyce—His Father and Mother Injured

ORANGE, March 10.—Faced with the choice of running head-on into another automobile or striking the rear of a wagon loaded with oranges, P. P. Baker of Myford took the wagon. His father was thrown through the hind-shield, but escaped with some severe scratches on the face. His mother was thrown from the machine and received two bad cuts, one over the temple and one back of the ear, from which she lost much blood.

Baker was on his way to Ventura in a five-passenger Ford with his parents, wife and two children. He drove up behind the wagon going the same direction he was. He turned to the left to go around the wagon. An automobile coming from the other direction to its right, and would have struck Baker's machine had not Baker turned into the wagon, the driver. The automobile was badly damaged, Baker and his wife and children escaped without injury.
